

Episode #82 of The Maryland Construction Network Podcast

Show Title: [Here's How to Conduct Effective Meetings with Your Team at Home](#)

Today's Guest - Stephen Morris MBA
EOS®: Entrepreneurial Operating System® Implementer
Team Development Facilitator
Smooth Sailing to Business Growth
Explore catylator.com

Topics Discussed:

Companies are sending their staff home, what should they be doing about meetings?
What do business owners need to be doing differently for meetings with their remote staff?
Once they have some basics in place, what process can they use to conduct better meetings?
The Level 10 meeting sounds interesting, what does it look like in practice?
Are there online resources that you can point business owners to?
What do you offer businesses and why would they want to work with you?
