

Episode #81 of The Maryland Construction Network Podcast

Show Title: Why You Need to Set Rules of Engagement As You Send Your Team Home

Today's Guest - Stephen Morris MBA
EOS®: Entrepreneurial Operating System® Implementer
Team Development Facilitator
Smooth Sailing to Business Growth
Explore catylator.com

Topics Discussed:

- What are you hearing from your clients as they transition their team's home?
- How should they start setting expectations for their teams?
- What are some typical difficulties work from home teams might experience?
- How can they best cope with work/life balance?
- Technology is a great enabler, but what are some tips for using it with teams?
- You coach businesses with clear process, can you tell us more about what that means?
- You talk about needing clear process for teams, but what about helping people as individuals?
