Topics Discussed:

- This week you want to talk about how you can help business owners gain consistency and scalability in their businesses. Could you tell us more about that?
- Why are processes important?
- Your core process in sailboat design must have been very important. Could you tell us more about that?
- If you are a busy business owner, how do you get started with getting your core processes documented?
- Is documenting your core processes into an operating model all you need to do?
- How can you help business owners who are interested in learning more about core processes?
